CHALK'S TRUCK PARTS, INC

838 McCarty, Houston, Texas 77029 4th Edition
1-800-231-5061 Local 713-672-6344 Fax 713-672-2665
www.chalks.com e-mail: sales@chalks.com

Dear Customer - Welcome to the **FOURTH EDITION** of our **"Road Map To School Bus Parts"**. After over a decade of putting out this Catalog we are confident it will be useful in identifying and ordering your bus parts needs. Keep in mind, that parts shown in this catalog represent only a **small portion** of the thousands of parts and the many vendors that we represent. Our inventory includes parts for all makes of school buses, from bumper to bumper and top to bottom.

Call us for your bus parts needs, Monday through Friday between the hours of 7:30 A.M. to 5:30 P.M. CST. Local **713-672-6344**, Toll Free **800-231-5061**, e-mail sales@chalks.com., or download this catalog on the web at www.chalks.com.

Any use of other manufacturers names, part numbers, or trademarks are only for identification and information purposes and should only be used to assist the user in identifying the product or its offered replacement

***The employees and their family's thank you
for your business.***

SALES POLICY

PAYMENT TERMS

Net 10th PROX

FREIGHT POLICY

Pre-pay and add to invoice.

SHORTAGE OF AN ITEM

If a shortage of an item from your shipment occurs, contact CTP who will verify the shortage and re-ship the item prepaid.

DAMAGES

If damage is visible on your shipment, note this on the delivery receipt. If damage is concealed, contact CTP. An inspection must be made of the goods by the carrier. After inspection, a credit will be issued and the part will be either scrapped or returned to CTP.

CREDITING PROCEDURE

When a discrepancy is found in your shipment regarding a shortage or incorrect item sent, it must be reported to CTP within 48 hours. Any damage should be reported to the freight line or UPS and then process claim.

RETURN GOODS AUTHORIZATION

If goods need to be returned, contact any CTP salesman to authorize the return.

WARRANTY

All parts are covered by their respective manufacturer's warranties. Our #1 goal is to keep your buses transporting kids. Call us and we will replace the failed part and respond to the failure within a reasonable length of time.

DEFROSTER FANS

Chalk's Part #: **7200M**
Baader Brown, OEM, Defroster Fan
Base Mount, 6 1/2" Dia., 820 CFM
Draws Only 3 AMPS, Ball Joint Suspensions,
CCW Rotation, Metal Blade & Guard, **12 Volt**
Hole Spacing 1 15/16" X 1 1/8" (Both Center
To Center Measurements), **2 speed**,
No Toggle Switch

Chalk's Part #: **7200M-6001**
Baader Brown, OEM, Defroster Fan
Base Mount, 6 1/2" Dia., 820 CFM
Draws Only 3 AMPS, Ball Joint Suspensions,
CCW Rotation, Metal Blade & Guard, **12 Volt**
Hole Spacing 1 15/16" X 1 1/8" (Both Center
To Center Measurements)
**2 Speed With Toggle Switch Mounted On
Pedestal**

Chalk's Part #: **7200M-6007**
Baader Brown, OEM, Defroster Fan
Header Mount, 6 1/2" Dia., 820 CFM
Draws Only 3 AMPS, Ball Joint Suspensions,
CCW Rotation, Metal Blade & Guard, **12 Volt**
Hole Spacing 2 13/16" X 7/8" (Both Center To
Center Measurement)

Chalk's Part #: **7200M-6008**
Bergstrom, Defroster Fan
Header Mount, 24 Volt, Dash Fan

Kaiser King Pin Qwik Kit™ for front axles.

Kaiser Spiral Steel Bushings were tested for 500,000 miles over a ten year period and proven to give 4 to 5 times more wear life with proper greasing.
CALL FOR APPLICATION: (CHALK'S # K7OG Pictured)

Kaiser No-Ream Products

There Has To Be A Better Way

For the past twenty years, Kaiser has produced products for the trucking industry that do not require any REAMING.

The Kaiser steel-on-steel king pin repair kit uses a spiral steel bushing that requires no reaming. Install the bushing by simply twisting it into the spindle bore. This product has given users up to, and in many cases, more than a million trouble-free miles. Mechanics have said, "Kaiser installs easier and greases better than anything we have used before." Drivers like the way it steers as they drive down the road.

The new curvilinear king pin kit produced by Kaiser has steel backed bronze bushings that do not require reaming. The curvilinear pin presents a much larger contact or bearing support area than any other product on the market. This king pin kit was developed to improve life at an affordable price.

Kaiser produces spring pin repair kits that require no reaming for front spring suspensions. It is the only kit on the market with grease grooved pins, spiral steel bushings and engineered grease seals. This product improves spring life with grease grooved pins, bushings and better lubrication, reducing maintenance cost.

Reaming Versus No Reaming

Reaming requires skills and time that may not always be available when changing king pins. When the cost and maintenance of tooling for in-house reaming have been added, it could make king pin repairs more expensive than they ought to be. However, there is help from two king pin repair kits that require NO REAMING.

Kaiser Qwik kit with the no ream spiral steel bushings.

Kaiser PLUS with no ream steel backed bronze bushings.

Kaiser has applied these same no ream principles to front spring repairs, front eye and rear shackle.

Kaiser Qwik kit with grease grooved pins and sealed bushing assemblies.

Kaiser does the work for you at a fraction of the cost, plus Kaiser gives you a better fit and longer life.

CROSSVIEW ARMS

FEATURES AND BENEFITS:

- Manufactured From Heavy Gauge Galvanized Tubing.
- Powder Coated For Corrosion-Resistance, Appearance And Durability
- High Brace Points
- High Brace Points For Maximum Stability And Vibration Resistance
- Available In Ball Swivel And Tunnel Mount Configurations.
- All Arms Available In Stainless Steel
- Stainless Fasteners And Clamps

ASY4084

ASY4000

PART NO.	DESCRIPTION
ASY4000	Navistar, Standard Style for Mini Hawk-Eye
ASY4001	Navistar, Thomas & Corbeil Style For Mini Hawk-Eye

Rosco Hawk-Eye®

The Elliptical Shape Provides A Large Field Of Vision With Minimal Distortion, While The Ball Stud Mount Offers Infinite Adjustment.

Mirror Housing Has Been Contoured For Stability And Appearance

Universally Adjustable
Ball Swivel Has Been Moved Closer To Center For Stability

Chalks #:

2360 - Hawk-Eye W/ Tunnel Mnt.

2365 - 12 1/2" x 11" Hawk-Eye Ball Stud

2365-T - **2365** Tinted

2365H - **2365** With Heater

3360H - Mini Hawk-Eye Tunnel Mnt, With Heater

3365 - 12 1/2" x 9 1/2" Mini Hawk-Eye

3365T, 3365TH - Brackets

Features:

- Complete Field Of View Coverage For FMVSS 111 Compliance
- Lower Overall Height Minimizes Obstruction
- Shallower Mirror Lens Reduces Image Distortion
- Ball Swivel Positioned Closer To Center For Greater Vibration Resistance.
- More Contoured Housing For Improved Stability
- Full Oval Shape Provides Larger Viewing Area For Driver
- Overall Height Is Equivalent To Competitions Quadrisphere While Providing Larger Viewing Area
- Economical Pricing

Eye-Max LP™

Asymmetric Cross View Mirror System- The Eye-Max LP™ Represents The Next Step In The Evolution Of Cross View Mirrors.

OEM SCHOOL BUS PARTS BACK BUDDY WHEEL DOLLY

Pete will come in and pull off
another easy brake job.

Ray will call in sick tomorrow
with a back injury and a
Workman's Comp. claim.

Struggling with heavy drums can hurt both your mechanics and your business. The Back Buddy® tool was designed to prevent injuries from awkward lifting and keep Comp. rates down. It rolls under, bolts on, and rolls out with the drum and/or hub assemblies, then lays over for service. Reassembly is quick and precise because the Back Buddy Tool angles for perfect hub alignment, eliminating seal damage and costly comebacks! Brake jobs go faster and more profitably and, best of all, no one has to pay the price of a ruined back.

Chalk's Part #
350B + Adapters

Cut out Back Problems
No More Nicked or Cut Seals

No Workman's Comp Claims
One man can do a complete brake job.

BACK BUDDY TOOL ADAPTER SETS (order separately)

CHILD REMINDER

Are you sure that your drivers are checking their bus for sleeping kids?

Decal included with unit.

NOTICE

This vehicle is equipped with The Child Reminder System. To deactivate the system open rear door or press deactivator button located at the rear of the vehicle with all other doors closed.

Included:

- Control Module With Alarm
- Wiring Harness
- Activation Light

Available But Not Included

- Deactivator Button
- **CR2** - Button

Module only Chalk's Part #: **CR-2A-MOD**

Chalk's Part #: **CR-3**

Economical Electronic Child Reminder. The Drivers must check the bus before they leave, and deactivate the system or the bus horn will sound.

THE CHILD REMINDER SYSTEM

- MAKES SURE THAT NO SLEEPING CHILD IS LEFT ON BUS.
- NO PHONE CALLS FROM FRANTIC PARENTS ASKING "WHERE IS MY CHILD?"
- NO TV REPORTER ASKING A "NO WIN" QUESTION.
- THE DRIVER MUST CHECK THE BUS BEFORE HE OR SHE LEAVES, OR EVERYONE WILL KNOW THEY DID NOT DO THEIR JOB, AND CHECK THE BUS.
- AN ELECTRONIC DEVICE THAT IS EASY TO INSTALL AND ECONOMICAL.

CLEVER LEVER TIRE & WHEEL CADDIE

* United States Patent ES 310, 283

Patented design * lets you lift
tires up to 300 lbs. with ease

Made with high tensile-strength
tubular steel

No Assembly
Required

One-piece brackets are die-formed
for strength and precision fit.

Spring-loaded retrofittable kickstand
keeps Clever Lever close at hand.

Brackets tilt to let
wheel match
angle of hub.

Rollers allow tire to rotate,
for perfect alignment with
studs..

Rollers and wheels are
permanently lubricated and
maintenance-free

Chalk's Part #: **MD-22 - for Tire Dia. 24" - 36"**

82312 - for Tire Dia. 36" - 48" (SCHOOL BUS)

- **SAFER** - The Clever Lever® Tire & Wheel Caddie helps prevent back injury. And that prevents downtime and expensive insurance claims. The Clever Lever® can pay for itself almost immediately in reduced medical and man-hour costs.
- **EASIER** - Just roll the Clever Lever® Tire & Wheel Caddie under the tire, then lift and pull out the tire. That's it. No struggling. No straining. No wasted time.
- **FASTER** - The Clever Lever® Tire & Wheel Caddie lets you pull tires up to 300 lbs. by yourself. To replace a tire, simply push it back in, then rotate and tilt the tire for quick alignment with studs. Now one person can do the job in half the time.
- **VERSATILE** - A low-profile design allows The Clever Lever® Tire & Wheel Caddie to fit under more sizes of tires. Plus, the Clever Lever® comes in two models that fit everything from light/medium-duty pickups to heavy-duty tractor-trailers.

SEAT BELTS - SAFETY VESTS - RELATED PARTS

BESI, Inc.

Over the Shoulder Harness

Our Over the Shoulder Harness is designed and tested to meet FMVSS-213 standard, along with FMVSS-302 flammability requirements. The Harness must be used with an existing lap belt in order to meet the FMVSS-213 Standard.

Over the Shoulder Harness Installation

Part No:

- Y8103-1AHB:** Adult Hi Back (New York) ; 90-165 lbs; 18 1/2" - 29"
Y8103-1ALB: Adult Low Back (Standard) 90-165 lbs;
Y8103-1CHB: Child Hi Back(New York) ; 20-90 lbs
Y8103-1CLB: Child Low Back (Standard) 20-90 lbs; 11 1/2" - 18"

The Over the Shoulder Harness is an added way to give extra upper body support when being transported in a school bus. Unbuckle existing vehicle seat belt, lift bench seat and insert the tongue part of the buckle end between seat cushion and backrest, leaving the 1 1/2" webbing (crotch strap) lay on the seat cushion. Lay the two looped ends over the top on the seat back. Buckle the unit on the backside of the seat back.

SEAT BELTS - SAFETY VESTS - RELATED PARTS SEE PAGES 252 - 261 FOR MORE SEAT RELATED PARTS

SAFETY BELT
Buckle Guard

Chalk's Part #: **BG-100**

DIRECTIONS FOR USE

ON STANDARD SEAT BELTS OR CHILD SAFETY SEATS

- 1) Slip **BUCKLE GUARD** over the button side of any standard back belt buckle.
- 2) To buckle, insert metal latch plate through the slot in **BUCKLE GUARD**. The buckle is now locked, the release button is covered.
- 3) To release **BUCKLE GUARD**, remove child resistant safety cap by **PULLING AND TURNING** at the same time. This will expose top release button. If the seat belt has a front release button, remove cap, separate **BUCKLE GUARD** and press button as usual.

CHILD SAFETY SEATS: Use **BUCKLE GUARD** on the automobile seat belt to assure the safety seat is properly secured to the automobile seat.

NOTE: Replace cap on **BUCKLE GUARD** when not in use.

REMEMBER A CHILD MAY REQUIRE ASSISTANCE REMOVING BUCKLE GUARD IN THE EVENT OF AN EMERGENCY. NEVER LEAVE A CHILD UNATTENDED.

LED

Chalk's Part #: **7000-100-E21**

FEATURES:

LONG-LIFE MOTOR & GEARS

FLUSH FACE IS EASY TO CLEAN

SMOOTH, SLICK EXTERIOR SURFACES

NEVER NEEDS PAINT OR LUBRICATION

ALL COMPONENTS TOTALLY RUST-PROOF

FULLY INTERCHANGEABLE WITH ALL
EXISTING DESIGNS

LEDs SHOULD LAST FOREVER

EASY TO SERVICE IF NEEDED

FEWER MOVING PARTS

LIGHTER-WEIGHT

Transpec's Revolutionary New Design Uses High-Visibility, Light Emitting Diodes (Leds) That Flash And Spell Out The Word "Stop".

The New Design Is Virtually Flat To Resist The Accumulation Of Dirt, Snow, And Ice And To Allow Quick And Easy Cleaning.

In Addition, This New State-Of-The-Art Design Encloses All Wiring And Mechanical Parts In A Good-Looking, Sealed And Tamper-Proof Housing That Protects Them From Both Vandalism And The Elements.

Every Component Of Transpec's New Safety Stop Is Absolutely Rust-Proof, And Never Requires Paint, Lubrication, Or Any Other Kind Of Regularly-Scheduled Maintenance.

Transpec Also Offers A Conventional Model Stop Arm Design That Features Flush Mounted Flashing Red Lights Instead Of The Leds.

The Conventional Model Also Features A Smooth, Flush Surface For Easy Cleaning.

Chalk's Part #: **6000-101-E21**

(Freightliner/Thomas)
CHALK'S PART #: 4000-200-E11
Double Pole Assembly
Double Pole Only **4000-003**

Our Mechanism is Dependable:

- Weather Resistant Motor Housing
- Stronger Motors And Gears
- 100% Corrosion Proof Components
- Requires No Paint Or Lubrication
- Custom Bumper Mounting Brackets

Our Crossing Gates Are Rugged:

- Virtually Indestructible
- Enhanced Visibility Options
- Lock In Tight To The Bumper
- Maintains Shape

WHAT DO YOU RECEIVE WHEN YOU PURCHASE BESI SEAT COVERS, LICHTER FOAM, AND CHALK'S TRUCK PARTS, THE "OEM" TEAM!

CHALK'S TRUCK PARTS represents BESI Seat Covers and LICHTER Foam Products in Texas and the Southwest.

BESI SEAT COVERS:

- (1) "OEM" (original equipment manufacture) is what came on your bus from the factory. They have a glove like fit, no wrinkles or floppy corners.
- (2) Meets FMVSS 222 and 302. These are the FEDERAL STANDARDS that relate to impact and fire standards inside the bus.
- (3) 1 year warranty on workmanship.
- (4) Along with the FMVSS 302 burn test, our covers also meet the BAG BURN TEST, ATH-891 (Fire block), Kentucky bus specifications, and FAR-25-853B (Fire block).
- (5) #92 Bonded Kevlar Thread using a lock stitch sew pattern at 6 stitches per inch in used to insure that the BESI Seat Covers are truly "FIRE BLOCK".
- (6) A tag with the part number is sewn into the seam for positive identification and verification that this cover meets the applicable FMVSS standard.
- (7) Factory sewn to insure the highest degree of quality Microban[®] for Antimicrobial Protection, inhibits growth of micro organisms
- (8) Colors will match what comes on the bus because this is the factory that provided them originally.

LICHTER FOAM PRODUCTS:

- (1) The "OEMs" chose to use LICHTER Foam on their buses because of their quality.
- (2) FVMSS 222 and 302 (impact and fire) are met to insure that the school district's riders are protected.
- (3) The back Foam is tested in 66 different places on the critical backside to insure that the Foam you purchase meets FMVSS 222 crush test. The passengers are compartmentalized.
- (4) 1 year warranty of Foam against failure due to workmanship.
- (5) The Foam is cut with modern computer-state-of-the-art technology to insure the perfect fit every time.
- (6) The manufacturing of Foam products is all that LICHTER does, this insures that they can concentrate entirely on making the very best Foam products for your buses.
- (7) Our Foam and glue are designed together so that they meet the critical FMVSS 302 fire block test.

COMPARE THESE POINTS AGAINST THE PRODUCTS YOU ARE NOW PURCHASING. If your present seat covers and Foam do not have these features, "shouldn't they"?

IT IS THE SCHOOL DISTRICT'S RESPONSIBILITY TO MAKE SURE THESE 2 VERY CRITICAL PRODUCTS MEET THE FMVSS REGULATIONS.

Is your present supplier able to put these elements of quality in writing?

SEAT COVERS

BESI MANUFACTURING™

42 oz. Standard Material:

BESI'S school bus upholstery fabric meets the requirements of the national minimum standard for school bus seating. It is a 42 ounce equivalent in physical properties utilizing jersey knit backing and meets the requirements of FMVSS 302 - fire retardant standard, and FMVSS 222 - impact standard, when used in conjunction with OEM foam.

Sewn with #92 nylon thread using a lock stitch sew pattern at 6 stitches per inch. Guardian with Microban® antimicrobial thread protection inhibits micro organisms All ends are back stitched.

Proform/Prevail® fire Block material:

Fire block covers passed all of the following burn tests: FMVSS302, Bag burn test, Ath-891 (fireblock), Ky. bus spec., and FAR-25-853B (fireblock).

Covers are sewn with #92 bonded kevlar thread using a lock stitch sew pattern at 6 stitches per inch. All ends are back stitched.

Weight Per Square Yard	26.0 oz.
Coating Weight Per Square Yard	18.5 oz.
Fabric Weight Per Square Yard	7.5 oz.

Kevlar 52 oz. Material:

Besi school bus upholstery fabric meets the requirements of the national minimum standard for school bus seating. It is a 52 ounce equivalent in physical properties utilizing jersey knot backing and meets the requirements of FMVSS 302 - fire retardant standards, and FMVSS 222 - impact standards, when used in conjunction with OEM foam.

Sewn with #92 nylon thread using a lock stitch sew pattern at 6 stitches per inch. Guardian with Microban® antimicrobial thread protection inhibits micro organisms ends are back stitched.

Velcro Seat Covers:

BESI's innovative velcro seat covers with Velcro strips are easy to install, in minutes.
No staples, screws, or rivets.

BCE-400

TRUCK BRAKE WASHER

for heavy duty trucks, buses and off road equipment

Clayton's Truck Brake Washer is engineered to clean the brakes on heavy duty vehicles the way technicians really work on these vehicles - on the floor!

The "OSHA Preferred" Method for Dust Control Mandated by OSHA's Final Rule on Asbestos

(29 CFR 1910.1001 --- Compliance Date is April 10, 1995)

Low Profile

- u Only 11 inches high
- u Easily rolls under truck axles

Maneuverable

- u 4-inch industrial casters
- u Won't hang up on wires or floor grates

Tools

- u Injector Nozzle
- u Flo-Thru Brush

Large Capacity

- u Big 6-1/2 - gallon cleaning solution capacity

Compressed Air Driven Pump

- u No electricity needed

T-N-T PLUS Cuts

Grease

- u Cleans grease and oil
- u Superior to mineral spirits
- u Biodegradable, non flammable and non toxic

Fully Assembled

- u No assembly required
- u Connect to air source and start cleaning

Includes Supplies

- u 5 gallon T-N-T PLUS Cleaner/Degreaser
- u 3 Primary Microfilters and 1 Oil Magnet

CareFree Disposal System

- u Follow operating instructions
- u Toss filters in the trash and pour wastewater into shop sanitary drain

One Year Warranty

PakPress™

Portable Wheel Stud Remover and Installer

Fleet maintenance should never be without this tool that brings the power of a 10-ton shop press right to the truck. But what is most impressive, the PakPress™ lets you remove and install studs without removing the hub. A two hour job gets done in twenty minutes, with no risk of damaging seals or bearings. The PakPress™ is portable, it's powerful, it's tough, and it's easy to use. Any mechanic can use it and get the job done right in minutes.

PakPress™

Stock # 1-PPF wheel stud remover & installer (less pump) Includes PakPress™ frame and 10-ton cylinder

Replaces your oil drain plug.

ENGINE OIL DRAIN VALVE

THE ULTIMATE OIL CHANGE

Introducing the best way to change oil, the Engine Oil Drain Valve. Install this valve and you can drain your engine oil without tools and without mess. Just lift the lever of this solid brass ball valve and give it a quarter turn to open it. Return the lever to its original position and it locks closed, double sealed to prevent leakage.

The Engine Oil Drain Valve's patented design combines the convenience of easy operation with the security of a safety lock. To open, just lift the control lever and turn 90°. To close, simply turn the lever back 90° until it snaps into its original position. The stainless steel spring prevents accidental opening.

**SAFETY
LOCK**

Part # Thread Size

F-101	1/2" - 20 UNF
F-102	PF - 3/8

DIAGNOSTICS

PC INTEGRATION

TURN KEY OR PIECEMEAL

Reduces Maintenance Costs By:

- Increasing Utilization Of Company Technicians By Reducing Outsourced Maintenance
- Reducing Unnecessary Outside Expenses
- Improving Technician Productivity By Making Their Trouble-Shooting And Repair Process Efficient
- Reducing Technician Downtime By Eliminating OEM Diagnostic Software Conflicts

- A Help Desk For Tech Support And Trouble-Shooting Provided By Nexiq
- Ensuring Only Necessary Diagnostic Software Updates Are Purchased, Reducing Software Expenses
- Reducing Multiple PC-To-Vehicle Interfaces With NEXIQ's Magikey® Interface
- Maximizes Revenue Generation Potential Of Your Fleet By Reducing Downtime
- Promotes A Common Set Of Diagnostic Tools Throughout The Maintenance Organization
- Provides Assistance And Guidance With OEM PC-Based Software

FEATURES

- OEM Diagnostic Software
- Integration, Registration, Test And Validation Service
- Nexiq Diagnostic Toolchest; A User Friendly Interface That Consolidates The Selection Of All PC Applications From A Single Screen
- Heavy Duty And OBD-II Pc-To-Vehicle
- PC Sales, Maintenance And Upgrade Support
- Tech Support Provided By The NEXIQ Help Desk Operated 10 Hours Daily

DESCRIPTION:

PC Integration Is An Integration Of Heavy Duty And OBD-II Based Engine, Brake And Transmission OEM Diagnostic Software Products Applicable To A Customer's Fleet Onto One PC With A Universal Adapter For Interfacing The Vehicle.

DIAGNOSTIC TOOLS

Pro-Link iQ™ Kit - Smarter. Easier. Essential.

The recognized standard in diagnostic scan tools.

Pro-Link iQ is designed to help diagnose engine, brake, and transmission failures. This easy-to-use, advanced tool is engineered to support today's commercial vehicles as well as the more complex vehicles of tomorrow. Using clear menus and message screens, the Pro-Link iQ guides technicians through the most complicated vehicle tests.

Key functions and features:

- Large, sharp color graphics
- Information clearly displayed
- Fast data downloads
- Portable and powerful

Kit includes:

- Pro-Link iQ scan tool
- iQ Heavy-Duty Standard application
- Power and data cable
- Power supply
- 6-pin Deutsch adapter
- 9-pin Deutsch adapter
- 2-cell battery pack
- CD manual/driver
- Stylus pen
- Carrying case

Pocket iQ™ - The quick and convenient way to gather critical truck performance data.

Whether covering a large fleet or monitoring just a truck or two, the compact Pocket iQ makes it easy to collect operating information. With its advanced capabilities, touch-screen technology, and clear message and menu screens, the Pocket iQ reports critical engine, brake, and transmission functions. It also stores and accesses vital facts and figures, fault codes, and more. In addition, the Pocket iQ can be customized to gather only the specific data a fleet needs. Collect as much—or as little—information as wanted. Smart and versatile, the Pocket iQ puts data at your fingertips.

Key functions and features:

- Monitors all vehicle data
- Checks engine speed and load, pressures, temperatures, and more
- Reads active fault codes
- Reads and clears inactive fault codes
- Displays trip data
- Collects and stores data from multiple vehicles
- Stores data in PDF or text format
- Supports J1708 and J1939 communication

Kit includes:

- Pocket iQ scan tool
- Heavy Duty Standard
- 6-pin Deutsch adapter
- 9-pin Deutsch adapter
- CD manual/driver
- Stylus pen
- Carrying case

DIAGNOSTIC TOOLS

Pocket iQ™ Complete ABS Kit

Monitor tractor/trailer anti-lock brake systems.

Versatile and reliable, the Complete ABS Kit is the all-inclusive diagnostic brake tool that works with popular anti-lock brake systems (ABS), including Meritor WABCO®, Bendix®, Wabash, Haldex, and Eaton.

Capabilities:

- Test trailer ABS systems with PLC communications
- Auto-detect the OEM's ECU system configuration
- Reads active fault codes
- Reads and clears inactive fault codes
- Actuate modulators and valves
- Test the brake retarder relay cycle

Interfaces with these systems:

- Bendix EC-60, TABS 6, EC-30, EC-30T, and EC-17
- Meritor WABCO Easy-Stop and Enhanced Easy-Stop
- Meritor WABCO D&E Series Tractor
- Haldex PLC, PLC Plus, and PLC Select
- Eaton GEN4 and GEN5
- Wabash National MBS-1P and MBS-2

Note: Kit includes J560 PLC Adapter— (PN 602020)

Buy it all or as much as you need:

- Pocket iQ ABS Kit, includes: Pocket iQ, ABS Suite, **J560** PLC Adapter PN 692021
- ABS Kit, includes: ABS Suite, J560 PLC Adapter—PN **692020**
- ABS Suite, PN **892021**
- J560 PLC Adapter—PN **602020** (can be purchased separately)

DIAGNOSTIC TOOLS

Chalk's Part #: 124032

USB-Link™ 2

MAKE THE CONNECTION EASIER AND EVEN BETTER THAN EVER.

The USB-Link 2, the next generation from NEXIQ Technologies™, has arrived. Dependable and rugged, the new USB-Link 2 is five times faster than its predecessor. It has sixteen times more random access memory than the old USB-Link, and it supports heavier bus loads on simultaneous channels. It also includes a new Bluetooth® module with an enhanced data rate to support wireless communication (500K b/s J1939). We've upgraded the USB connector to a more robust, automotive grade connector with a latching mechanism. The USB-Link 2 is compatible with a wide range of OEM software applications.

VEHICLE NETWORK PROTOCOL SUPPORT

- CAN / J1939 / ISO15765 – 250K, 500 K, 1M b/s with Auto Baud detection (3 channels)
- Single wire CAN (SWCAN)
- ISO 11898-3 Fault Tolerant CAN (FTCAN)
- J1708
- J1850 VPW (Class 2)
- J1850 PWM (SCP)
- ISO 9141 / KWP2000 (ISO 14230) K/L line
- ALDL 9600 and 8192 baud
- ATEC 160 baud

USB-Link™ 2 Comes With:

- Latching USB Cable
- 6- and 9-pin Deutsch Adapter

OPERATING SYSTEM SUPPORT

- **Windows® Vehicle Communication API**
 - RP1210 a/b/c
 - J2534 (2004 draft)
 - J2534-1 partial implementation (commercial vehicle-focused)
- **PC Operating System Compatibility**
 - Windows XP SP3
 - Windows 7 (32 & 64 bit)
 - Windows 8 (32 & 64 bit)
- **Interfaces to Computing Platforms**
 - USB 2.0
 - Bluetooth® 2.1 + EDR

USB-Link™ Accessories

Usb-Link Protective Cover

Chalk's Part #:
2600-001

This Snug-Fitting Cover Shields The Usb-Link From Damage And Helps Keep It Clean.

Features

- Made Of Durable Silicone
- Lightweight And Weatherproof
- Easy To Slip On

Usb-Link Cable Restraint

This Handy Restraint Helps Prevent Damage To The Usb Connector Providing An Extra Level Of Protection And Prolonging The Life Of The Connector.

Features

- Easy To Mount
- Rugged And Durable

ROUTE CHANGER™

Helping Kids Find the Right Bus Safely

60% LARGER DIGITS THAN CLASSIC MODEL

ROUTE CHANGER™ XL

Route Changer™ with Suction Cups

Placement: Interior of bus window
Hardware: Suction cups, black rubber bumper feet
Distinctive Feature: Easily moved to any window
Part Number: RCXL-SC2 (2 Digits)
RCXL-SC3 (3 Digits)
RCXL-SC4 (4 Digits)

Route Changer™ with Hinges

Placement: Hinges to exterior of bus
Hardware: Stainless steel spring hinges, screws, snap socket & stud
Distinctive Feature: Extra secure attachment to bus
Part Number: RCXL-H2 (2 Digits)
RCXL-H3 (3 Digits)
RCXL-H4 (4 Digits)

ROUTE CHANGER™ CLASSIC

Route Changer™ with Suction Cups

Placement: Interior of bus window
Hardware: Suction cups, black rubber bumper feet
Distinctive Feature: Easily moved to any window
Part Number: RC-SC2 (2 Digits)
RC-SC3 (3 Digits)
RC-SC4 (4 Digits)

Route Changer™ with Hinges

Placement: Hinges to exterior of bus
Hardware: Stainless steel spring hinges, screws, snap socket & stud
Distinctive Feature: Extra secure attachment to bus
Part Number: RC-H2 (2 Digits)
RC-H3 (3 Digits)
RC-H4 (4 Digits)

- * Unit Specifications: Light-weight, durable black plastic with white changeable digits.
XL Dimensions: 4 digit – 7"H x 11 1/2"W, 3 digit – 7"H x 9 1/2"W, 2 digit – 7"H x 7"W.
Classic Dimensions: 4 digit – 7"H x 10 1/2"W, 3 digit – 7"H x 8 1/2"W, 2 digit – 7"H x 6"W.
Headers: Designate standard headers by adding "R" to the end of part number for RT#/ ROUTE or "B" for BUS/ BUS # (i.e. RC-H4R).

Bus Empty Signs

The **Bus Empty** Sign helps prevent leaving an unattended child on a bus. The sign is displayed in the rear window requiring the driver to walk through the bus to visually check for children.

The one-sided **Bus Empty** Sign can be carried to the back of the bus at the end of the shift to be displayed in the rear window.

Dimensions: 9"W x 7.75"H
Part Number: BE-1

The two-sided **Bus Empty / In Use** Sign remains in the window and is changed from "In Use" to "Bus Empty" at the end of the shift. Keyholes allow changing without removing suction cups from window.

Dimensions: 9"W x 7.75"H
Part Number: BE-2

The Magnetic **Bus Empty** Sign is a one-sided unit attached to the bus body above the rear window.

Dimensions: 7.75"W x 9"H
Part Number: BE-M

Allison - cont.

World Transmission Series

MD 3060 / 3560P

1000 Series

2000 Series

3000 Series

The Allison 1000/2000/3000 Series Transmissions introduce the superior performance of Electronic Controls

What makes these fully automatic 5-speed overdrive transmissions with lockup so advanced is a powerful 32-bit microprocessor. It stays in constant communication with the engine to determine the exact shift point for maximum performance

WHEEL CHAIR RESTRAINTS SURE-LOK

Parallel Lap Belts

The Parallel Lap Belts attach directly to the floor track or plates, and provide an occupant restraint system that secures the passenger separately and independently from the mobility aid securement system.

Shoulder Belt
 Lap Belt
 Center-Studded Latch Plate
 Single Push-Button Release

FE200600 Length 108"

Premium Lap Belt for Series L Track

FE200612 Length 108"

Premium Lap Belt for Series A Track

FE200594 Length 98"

Standard Lap Belt for Series L Track

FE200601 Length 98"

Standard Lap Belt for Series A Track

Integrated Lap Belts

Lap Belt Extensions:

FE200637 -
12" Long

FE200637- 020 -
20" Long

The Integrated Lap Belt attaches directly to the rear strap assemblies of the mobility aid securement system. It provides an occupant restraint system that is an "integrated" part of the mobility aid securement and is dependent upon the strength of the securement system for its restraint capability.

AL700842 Length 96"

Integrated Lap Belt With Triangular Fittings To Attach To Stud On Rear Wheelchair Tie down Retractor Assemblies. For Use With AL700 Titan Series Systems Only

FE200842 Length 96"

THE QRT™

Q'Strain

**The QRT™ Retractable Securement System
....the New Generation**

**The QRT™ Systems are Time Savers... They are the
Quickest Passenger Hook-up in the Industry**

Q'Strain is proud to introduce the newest generation of Q'Strain wheelchair and occupant restraint systems. The QRT™ retractable securement systems are the simplest, easiest, most universal and of course the safest retractable systems in the industry. The QRT™ meets or exceeds all ADA and FMVSS requirements.

The QRT™ is perfectly designed for all types of vehicles, vans, transit / para-transit, school and city buses and provide drivers with more efficiency and convenience. The QRT™ systems are very flexible and can be mounted on track, floor pocket, swing arm, wall, floor or any type of manufactured seats, flip seats or barrier. The QRT™ is perfect in limited space conditions, retracts neatly out of sight when not in use and its hardware and belts are protected by a hard or soft cover case to prevent damage from wheelchairs or passengers.

With drivers spending a lot less time securing chairs and passengers and the QRT™ efficiently accommodating all seating arrangements, productivity is immensely improved. The QRT™ is your best investment ... specify QRT™ and save money ... as well as lives!

The QRT™ Q-8100-A1 Deluxe Retractor System

A complete wheelchair and occupant restraint system. The **Q-8100-A1** will meet and exceed your expectations for speed, endurance and ease of use. The system includes 4-QRT automatic retractors, an all new adjustable and retractable lap / shoulder belt combo and 2 pin connector brackets. Meets all SAE J2249, ISO 10542 and ADA requirements. Crash tested at 30 mph / 50 kph.

Features

- Heavy-duty automatic retractors for tie down belts (4)
- Dual tensioning knobs on all retracting tie downs
- Hard cover case to protect belts not in use
- Self-tensioning tie down belts are interchangeable (front, back, left or right)
- Quick and easy style speed hooks
- Easy to use red release levers

The QRT™ Q-8200-A1 Econo Retractor System

The **Q-8200-A1** is a well designed complete wheelchair and occupant restraint system. The QRT Econo includes 4 QRT Econo retractors, a retractable and adjustable lap / shoulder belt combo and 2 pine connector brackets. Meets ADA requirements.

Features

- Single tensioning knob
- Interchangeable belts (front, back, left or right)
- Self tensioning
- Speed hook
- Red release lever

Indexes

The following pages are indexes we have provided to help you use this catalog. We want this Catalog to be the tool you reach for when you need parts for your School Bus Fleet. We have organized two different indexes for your convenience.

Part Number Index:

We have tried to sort all part numbers numerically to help you find the catalog page that will help you locate the particular part. However with thousands of numbers all with different combinations of letter and numerical characters sorting is difficult. For sorting purposes we have deemed any dash is neutral if it has more than two digits after it. Part numbers that begin with a letter are sorted after numerical parts numbers.

Description Index:

We have tried to sort by any word you might use in searching for a particular part. The descriptions are sorted alphabetically.

**BOTH INDEXES ARE OUR BEST EFFORT,
BUT SHOULD NOT BE CONSIDERED
COMPREHENSIVE.**

.....with literally thousands of parts please don't assume that just because a part is not in the index that it is not in the catalog. If you see related parts check those pages as the part you are looking for may be there.

Also please do not assume that just because the part is not in our catalog that Chalk's does not carry the part.

We add parts all the time...

**IF YOU CAN'T FIND A PART PLEASE
CALL CHALK'S AND ALLOW US TO
HELP**

**1-800-231-5061
713-672-6344**

Call 1-800-231-5061

SCHOOL BUS PARTS

SCHOOL BUS INTERIOR SEAT COLOR SPRAYS

Designed exclusively for the school bus maintenance industry to eliminate ink and graffiti on all types of popular bus seating. When properly applied with Vinyl Prep, bus seats will look clean and brand new. Colors will not crack, split or peel off. Dries in minutes and may also be applied to ABS, PVC and Fiberglass materials. Gloss content can change by top coating with: UCV70 for a Modest Gloss, UK412 for a High Gloss or UCV69 for a Dulling Effect.
